

# GIFTS OF HELP | HOPE | HEALING

Join us in transforming lives.  
One flight at a time.

*Mission Aviation Fellowship*

# BE THE HANDS AND FEET OF CHANGE

Mission Aviation Fellowship (MAF) is an International Christian organisation that uses aviation to reach some of the most unreached communities. As a donor-supported organisation, MAF invites partners to help sustain this work. A single gift goes beyond one flight or delivery, it enables ongoing access to healthcare, education, and the message of God's love for communities who might otherwise be forgotten.

Through these gifts, you as a supporter can see practical examples of impact, from providing fuel for flights and Bibles in local languages to supplying aircraft parts, maintenance tools, and support for missionary families. Each contribution helps ensure that MAF can continue to serve the world's most isolated people bringing help, hope, and healing.

## GIFT OF FUEL

### 1 Jerrican

● KES 4,884

When the equivalent of one jerrycan of 20 litres gets poured into our aircraft, we are fuelled for up to 10 minutes of flying time. For isolated communities, these flights replace days of travel on foot and save many lives.

## GIFT OF CARE

### Fly one AIC CURE doctor

● KES 25,000

In some of the most remote parts of Kenya, children suffering from debilitating conditions often have no access to the specialised medical care they desperately need. Your support will help treat children in unreached communities.

## GIFT OF HOPE

### Deliver Bible in local language

By donating Ksh.7000, a box of Bibles or audio Bibles can be delivered to people living in isolation.

Your support would bring God's word to the people.

● KES 7,000

## GIFT OF AIRCRAFT PARTS

### Help keep our planes in the air

From time to time, our aircraft need new spare parts for it to continue operating safely. Our competent team of qualified engineers are always ready to replace a worn-out tire, aircraft sheet metal or fuel and oil filters.

With your support we can maintain the aircraft safe and on time.

● KES 50,000

## GIFT OF MAINTENANCE

### Buy a 10 piece wrench set

During each plane's check-up and maintenance, our teams need to have essential tools such as screw-drivers and 10-piece wrench sets. With well maintained aircraft, we are able to serve our partners safely and effectively.

● KES 10,000

## GIFT OF SIGHT

### Restore sight

● KES 20,000

Sponsor flights to bring eye doctors to remote areas of Kenya to undertake eye health clinics. Your support can bring the gift of sight and transform lives in communities that would otherwise go without access to critical eye care.

## GIFT OF MINISTRY

### Fund an outreach

With this gift you can sponsor one pastor's flight or fund the full team of pastors and church workers to remote communities. To bring the Gospel and spread the love of Christ to isolated villages.

● KES 10,000

## GIFT OF WATER

### Fly water pump equipment

Your donation will ensure that more communities receive water pump equipment for building boreholes and no longer have to walk lengthy journeys to collect fresh water.

● KES 20,000

## GIFT OF WELLBEING

### Fly a vet to treat animals

For Ksh. 20,000, you can support MAF in flying veterinarians to remote Kenya to treat animals as well as sowing seeds of faith in the remote communities.

A week long mission can treat over 3,200 animals.

● KES 20,000

## GIFT OF SPONSORSHIP

### Support a missionary family

● KES 250,000

Where money can be a deterring factor for our aspiring pilots and engineers, why not support them through sponsorship? By covering all their flying and living costs for one month, you will ensure that their time is better spent serving the isolated communities. You can make certain that the future generation of MAF join the mission without hesitation.

With a generous gift of KES 250,000, you will provide encouragement and financial support to an MAF missionary family for a month.

All prices are taken from MAF's operations and reflect actual costs. Donations collected through these gifts will support MAF's work in these and other projects throughout the organisations.

## GIFT OF GOODWILL

Choose your amount to give where it's most needed
